Firm notes

- **Lucid 50K Flex:** End-of-day trailing. Your best day cannot exceed 50% of total profit (if it does, you keep trading). Optional daily loss limit at purchase (not included here).
- **Lucid 50K Pro:** End-of-day trailing. Fixed \$1,200 daily loss limit (it ends the day, it does not fail the account). No consistency rule in the evaluation; you can pass in 1 day.
- The Daily plan has its own consistency rule and requires being flat 60 seconds before and after red-folder news: not verified by us.

What fails the account

- Your balance touching the drawdown floor. On end-of-day accounts the floor is set at the close but monitored during the session.
- Breaking the conduct rules:
 - **News:** Prohibited on LucidDaily (flat 1 minute before and after); allowed on Flex, Pro and Direct
 - **Bots:** Allowed
 - **Trade copying:** Trade copiers allowed; hedging between users or between firms is prohibited

Your size with the 10-loss rule

- \$2,000 buffer $\div$ 10 losses = \$200 per trade. On Micro Nasdaq (\$2 a point), with a 20-point stop: 5 micros.
- With its \$1,200 daily loss limit, 6 losses of \$200 in a row end your day.
- The buffer is today's: if you're down \$800, you have \$1,200 left and your risk drops to \$120 per trade.

Before you buy

- Run your numbers through the evaluation simulator: fondeoreal.com/en/simulator
- If you use NinjaTrader, the Prop Firm Copilot shows you every day how far you are from the floor: fondeoreal.com/copiloto
- Check that the way you trade (news, bots, copiers) is allowed.
